Emergency Management British Columbia (EMBC) is the lead coordinating agency in the provincial government for all emergency management activities. As such, EMBC's mission is to be responsible to British Columbians for leading the management of provincial level emergencies and disasters and supporting other authorities within their areas of jurisdiction. EMBC works directly with local governments, First Nations, provincial ministries and agencies, federal departments, other jurisdictions, industry and volunteers in hazard mitigation, preparedness, response and recovery.

The Project Manager manages large scale projects (medium to long term) with significant external impact, a range of internal and external stakeholders and significant assigned resources. They are accountable for defining and controlling all project activities to ensure delivery within scope, schedule, budget and specified quality.
