

LEARNING FROM HURRICANE SANDY

BEST PRACTICE FOR MASS NOTIFICATION AND WEATHER EMERGENCIES WEBINAR

REGISTER NOW

Hurricane Sandy was one of the most destructive storms in the history of the United States, causing over \$25 billion in damages and lost revenue. The Hurricane also uncovered severe emergency communications deficiencies at many organizations and local governments.

Join Maureen Di Tore, Director, Telecommunications, The Valley Hospital for an educational webinar to learn how The Valley Hospital utilized best practices to ensure successful communication throughout the entire hurricane, even in one of the storm's hardest hit regions.
