

Q&A – MAY 1, 2026 – SCENARIO INTRODUCTION

First Inject – When will the first inject be posted?

- The first inject will be posted after the webinar on June 5, 2026

Webinar Recordings - What happens if I miss a month for the webinars?

- The recording of each webinar and a summary of the questions and answers will be posted the Monday following the webinar.

Team Members – If we have already registered a team, can we add more members?

- Additional team members can be added by updating your original team submission, or emailing tammy@dri.ca

Team Composition – What is the ideal make-up of a team - would it be best to have representation from our incident management team and crisis management teams?

- Based on the evolving scenario, whomever would be responding to an event, should be involved on the team. A team of 3-6 members is ideal.

Deadline to Submit a Team

- May 31, 2026

Time Commitment - What is the time commitment outside of the monthly webinars?

- It is being estimated 2-4 hours to put together the response each month, plus the one hour webinar.

Responses to Inject

- Each team will submit one response for each inject.

Q&A – MAY 1, 2026 – SCENARIO INTRODUCTION

Great Canadian Disaster v2 - Will it be done again next year? As I'd need to get more communication and agreement from other stakeholders and may not have time for this year....

- It is anticipated that DRI Canada will launch its next Canadian Disaster in 2028, giving participants and teams time to implement lessons learned from this event, before challenging them again.

Submissions - Does the Submission form have to be completed in a single session? or can it be added to?

- Responses can be saved and worked on later. You can also use the workbooks to draft your response in advance of the final submission.

Continuing Education Points - Would participation earn CEAP points?

- Yes, points are distributed as follows:
 - Participation in all webinars and responses submitted for each inject = 35 points OR
 - Each webinar = 1 point
 - Each response = 5 points

Scoring - Are you going to look at the final exercise scoring? or just scoring the individual inject

- Submissions will be scored for each inject, with a leaderboard that combines all scores

Webinar Registration – Does the team register, or each participant separately?

- The team lead can register, and include the names and contact emails for team members in on submission for webinar registration

Prizes - Are there prizes (aside from the obvious of greater organization resiliency?)

- Yes!
