

Disclaimer

Disclaimer of Information Links provided to reports, articles, white papers, etc. from the DRI Canada web site are not intended to be a source of advice. Anyone connecting to such links should always seek the advice of an appropriately qualified professional. DRI Canada assumes no responsibility for information contained in any links and disclaims all liability in respect of such information.

DRI Canada accepts no responsibility for and excludes all liability in connection with browsing any links, use of information or downloading any materials from them, including but not limited to any liability for errors, inaccuracies, omissions, or misleading or defamatory statements.

Disclaimer of Endorsement Links provided within this site to any specific commercial or non-commercial product, process, or service by trade name, trademark, manufacturer or otherwise do not constitute or imply an endorsement, recommendation, or favouring by DRI Canada. The views and opinions of the authors of content published on any links do not necessarily state or reflect the opinions of DRI Canada or its board or members, and cannot be used for advertising or product endorsement purposes. References to books, software, web sites, or products do not necessarily constitute or imply an endorsement by DRI Canada.

Disclaimer for Links to External, Third Party Web Sites Links to external, or third party web sites are provided solely for DRI Canada site visitors' convenience. Connecting via links to other sites are done so at your own risk and DRI Canada accepts no liability for any linked sites or their content. When you access an external web site, keep in mind that DRI Canada has no control over its content. Any link from DRI Canada's website to an external web site does not imply or mean that DRI Canada endorses or accepts any responsibility for the content or the use of such web site. DRI Canada does not give any representation regarding the quality, safety, suitability, or reliability of any external web sites or any of the content or materials contained in them. It is important for users to take necessary precautions, especially to ensure appropriate safety from viruses, worms, Trojan horses and other potentially destructive items.

When visiting external web sites, users should review those websites' privacy policies and other terms of use to learn more about, what, why and how they collect and use any personally identifiable information.
